

2020 USED (Dual Motor) Long Range Auto 4WDE 4dr

color:

Mileage:

21821

Transmission:

Automatic

Price:

£19,558.00

Registration:

AK70YHC

Fuel:

Electric

With only one previous owner and very low mileage of just 21821 miles for a 2020 registration year, this Tesla Model 3 Long Range is a superb example of a four-wheel drive electric vehicle. The Long Range trim includes desirable features such as 19in Alloy Wheels in Silver Sports, keyless entry and remote control via an app, blind spot information, air conditioning, and a rear parking sensor for parking assistance. The Model 3 boasts a large boot space, making it more practical than similar vehicles. The battery has a total capacity of 78 kWh and when new, offered a maximum range of 360 miles, exceeding the range of comparable models. Charging at home using a 7kW charger takes approximately 12 hours, while rapid public charging can replenish the battery from empty to 80% in as little as 26 minutes.
