This is a CUPRA Born e-Boost V2, registered in 2022. As an electric car, it offers a modern driving experience, complemented by a host of features designed for comfort and convenience. The interior includes a heated, leather-wrapped multifunction steering wheel with satellite buttons, ensuring that key controls are always within easy reach. For climate control, the car is equipped with Climatronic dual-zone air conditioning. The full LED headlights, complete with a welcome home function and adverse weather functionality, provide excellent visibility in all conditions. Passengers in the rear will appreciate the added comfort of a centre armrest. With its 135kW DC charging capacity, rapid charging is available when you're on the move. Having had only one owner, this CUPRA Born is ready for its next adventure. The CUPRA Born's impressive battery provides a maximum range of 343 miles when new, meaning fewer stops on long journeys compared to similar vehicles. The large boot space makes it ideal for everything from family holidays to shopping trips. Acceleration from 0-62mph in just 7.0 seconds demonstrates the vehicle's responsive performance, making it quicker than other comparable models.
