This 2023 Citroen Ami is an all-electric car that combines innovative design with practical features. As a Citroen Ami, this electric car offers a fresh perspective on urban mobility. With a battery total capacity of 6 kWh, it provides a maximum range of 47 miles when new, making it ideal for city driving. Charging is convenient, with a full charge achievable in just 4 hours using a 7kW home charger. The inclusion of LED front headlights and rear lights enhances visibility and adds a modern touch. The panoramic sunroof brings an open and airy feel to the cabin. These features enhance the driving experience, setting it apart from other vehicles in its class.
