Fuel:

Electric

The 2020 Tesla Model 3 Performance is an all-electric car with four-wheel drive, offering a blend of luxury and performance. The Performance trim includes a fixed panoramic glass roof, creating an open and airy feel to the cabin. Occupants will enjoy the comfort of 12-way power-adjustable front and rear heated seats, ensuring a pleasant experience no matter the weather. The automatic air conditioning and dual-zone climate control maintain the perfect temperature for all passengers. Manoeuvring is made easy with the park assist camera. The Model 3 Performance stands out with its impressive acceleration, reaching 60mph from a standstill in just 3.2 seconds. This rapid acceleration demonstrates its superior performance capabilities compared to similar vehicles. With a total battery capacity of 82 kWh, it provides a maximum range of 329 miles when new. Charging at home using a 7kW charger takes approximately 12 hours for a full charge. For those needing a quicker charge while on the road, the Model 3 can achieve an 80% charge in just 26 minutes using a fast public charger.
