With only one previous owner, this 2021 Tesla Model 3 Long Range is an excellent example of a modern electric vehicle. The Long Range trim and four-wheel drive drivetrain combine to create a refined driving experience. Enjoy the convenience of keyless entry and remote control via the Tesla app, heated front seats for added comfort, and wireless phone charging to keep your devices powered up. The fixed panoramic glass roof, complete with a panoramic sunroof, fills the cabin with natural light. The Model 3 boasts a large boot space, making it more practical than other similar vehicles. The 78 kWh battery provides a maximum range of 360 miles when new, exceeding the range of comparable models. Charging at home using a 7kW charger takes approximately 12 hours, while rapid public charging can replenish the battery from empty to 80% in just 26 minutes, making it more convenient than other similar vehicles.
