

2022 USED Extended Range 91kWh AWD 5dr

color:		Mileage:	9359
Transmission:	Automatic	Price:	£28,058.00
Registration:	FD22YAW	Fuel:	Electric

With only one previous owner and very low mileage of just 9359 miles for a 2022 registration, this Ford Mustang Mach-E Extended Range offers a nearly-new experience. This four-wheel drive electric vehicle comes equipped with an array of features designed for comfort and convenience, including dual-zone electronic automatic temperature control with climate control, front and rear parking sensors, and a 360-degree camera to make parking a breeze. Adaptive cruise control with stop and go and lane-centering provides a relaxed driving experience, while the heated steering wheel adds a touch of luxury on colder days. The Mustang Mach-E boasts a 99 kWh battery, offering a maximum range of 335 miles when new, meaning fewer stops on long journeys. Charging at home using a 7kW charger takes approximately 14 hours and 36 minutes, while rapid public charging can replenish the battery from empty to 80% in just 51 minutes. The impressive acceleration, achieving 0-62mph in 5.8 seconds, demonstrates how this vehicle delivers both performance and efficiency.

MPG Average	
Engine Size	I
Max Power(BHP)	346
Max Torque(NM)	580
Max Speed(MPH)	111
0-60	
Insurance Group	40
