Experience the future of driving with this 2023 Hyundai KONA Premium, an electric vehicle that combines cutting-edge technology with eco-conscious performance. The Premium trim offers a suite of features designed to enhance your driving experience, including Blind Spot Collision Avoidance Assist, which keeps you safe on the road, and a heated steering wheel for those chilly mornings. Automatic headlights with a dusk sensor provide added convenience, while the wireless phone charging pad ensures your devices are always ready to go. Manoeuvring is made easy with the rear camera and guidance system. The KONA's electric powertrain, supported by a 68 kWh battery, delivers a maximum range of 300 miles when new. For convenient home charging, a full charge using a 7kW charger takes approximately 10 hours and 16 minutes. When you're on the move, the fastest public charging time from empty to 80% is just 53 minutes. The range indicates how this vehicle excels, offering considerable distance on a single charge.
