The vehicle is equipped with a 3.0L diesel engine and four-wheel drive, and it meets Euro 6 emission standards. The Dynamic SE trim includes keyless entry for added convenience, and adaptive cruise control with steering assist to make long journeys more relaxing. The sliding panoramic roof, which includes a panoramic sunroof, brings an abundance of natural light into the cabin. For those needing to tow, it has front and rear recovery eyes and a substantial towing capacity of 3500 kg. Apple CarPlay is also included, ensuring seamless smartphone integration. The Range Rover Sport boasts a large boot space, making it ideal for families or anyone needing extra room. The vehicle's acceleration is particularly impressive, reaching 0-60mph in just 6.3 seconds, demonstrating its superior performance compared to similar vehicles. This combination of luxury, practicality, and performance makes it a compelling choice for discerning drivers.
