**Diesel**

This 2022 Audi Q5 Sport TDI offers a blend of sophistication and practicality. Equipped with a 2.0L diesel engine and a four-wheel-drive system, this Euro 6 compliant vehicle delivers a refined driving experience. The Sport trim adds a touch of sporty styling to the Q5's already handsome design. Parking is made easy with front and rear parking sensors, including acoustic warnings and parking assistance. LED headlights and tail lights not only enhance visibility but also give the car a modern look. Inside, heated front seats and deluxe 3-zone electronic climate control ensure a comfortable environment for both driver and passengers. The Bluetooth interface allows for seamless connectivity on the go. The Audi Q5 stands out with its fuel economy of 45 mpg, offering a balance between performance and efficiency. Acceleration from 0 to 62mph in just 7.6 seconds demonstrates its responsive performance. The vehicle also boasts low CO2 emissions, making it an environmentally conscious choice. In addition, the large boot space makes it more practical than similar vehicles, easily accommodating luggage, shopping, or sports equipment. Finally, the 2400 kg towing weight means it is capable when pressed into service for heavier loads.
