

2022 USED 42.2kWh S Auto 5dr

color:

Mileage:

14000

Transmission:

Automatic

Price:

£17,358.00

Registration:

KM22SFV

Fuel:

Electric

With only 14000 miles on the clock, this 2022 BMW i3 S represents a fantastic opportunity to own a nearly-new electric vehicle. As an i3 S, this model boasts a sleek design and engaging driving dynamics. The vehicle is further enhanced by the S trim, which adds a touch of sporty flair. Enjoy the open sky above with the electric glass sunroof, and manoeuvre with confidence using the reversing assist camera. The premium Harman Kardon surround audio system ensures an immersive listening experience, while the BMW i Blue seat belts add a unique touch of style to the interior. The striking 20-inch light double-spoke alloy wheels in jet black and Schnitzer additions complete the look. The BMW i3 S offers an impressive blend of performance and efficiency. The 42 kWh battery provides a maximum range of 175 miles when new, making it ideal for urban commutes and longer journeys. Charging is convenient, with a full charge at home taking just 5 hours and 15 minutes using a 7kW charger. For those needing a quicker top-up, public charging can take the battery from empty to 80% in as little as 40 minutes. The car's brisk acceleration, reaching 0-62mph in just 6.9 seconds, demonstrates its sporty character, setting it apart from other electric vehicles in its class.
