Automatic

Price:

£20,558.00

Registration:

LD71FYA

Fuel:

Electric

With only 23153 miles on the clock, this 2021 Ford Mustang Mach-E Standard Range offers an appealing opportunity to own a modern electric vehicle. As an electric vehicle, it provides a smooth and quiet driving experience. The Mustang Mach-E comes equipped with a 76 kWh battery, offering a maximum range of 273 miles when new. Charging at home using a 7kW charger takes approximately 11 hours and 24 minutes, while rapid public charging can boost the battery from empty to 80% in just 43 minutes. The inclusion of a rear-view camera with parking assistance, front and rear parking sensors, and adaptive cruise control with stop and go and lane-centering, demonstrates how this vehicle enhances convenience and safety compared to similar models. The E-Latch keyless entry system, complete with a B-pillar keypad, and LED reflector headlamps further enhance the vehicle's appeal.
