2019 USED 40kWh Tekna Auto 5dr

color:

Mileage:

21584

Transmission:

Automatic

Price:

£9,558.00

Registration:

LT19GYF

Fuel:

Electric

With only 21584 miles on the clock, this 2019 Nissan Leaf offers exceptionally low mileage for its age. As a Tekna trim variant, this electric vehicle comes equipped with automatic headlights that include a dusk sensor for automatic activation. The intelligent key and push-button engine start system provide keyless entry for added convenience. Passengers will appreciate the heated front and rear seats, as well as a heated steering wheel, ensuring comfort in colder weather. The Nissan Leaf Tekna boasts a 40 kWh battery, offering a maximum range of 168 miles when new. Charging at home using a 7kW charger takes approximately 7 hours and 30 minutes, while the fastest public charging option can replenish the battery from empty to 80% in just 1 hour and 20 minutes. The inclusion of an around-view monitor with moving object detection enhances parking assistance with a 360-degree camera. The large boot space is a real plus, making this vehicle more practical than other similar vehicles.
