The 2024 Nissan ARIYA Engage is an electric car that combines practicality with modern features. This particular model has very low mileage of just 1619 miles. Equipped with LED headlights that automatically switch on and off, it ensures visibility and convenience. The intelligent cruise control system adapts to traffic conditions, making long journeys more relaxing. Parking is made easier with front and rear parking sensors, plus a rear-view parking assist camera. The automatic dual-zone climate control maintains a comfortable environment for both the driver and passengers. With a 66 kWh battery, the ARIYA Engage offers a maximum range of 251 miles when new. Charging at home using a 7kW charger takes approximately 11 hours and 6 minutes for a full charge. For quicker top-ups, the car supports rapid public charging, achieving an empty to 80% charge in as little as 34 minutes. This makes it more convenient than similar vehicles, allowing you to spend less time waiting and more time on the road.
