OU71XRH

Fuel:

Electric

Experience the thrill of instant acceleration with this 2021 Polestar 2 Long Range, a car that redefines electric performance. This four-wheel-drive electric vehicle combines cutting-edge technology with everyday practicality. The Long Range trim ensures you're equipped for both short commutes and longer journeys. With a large boot space, this Polestar 2 excels in providing ample room for your luggage and gear. The impressive 0-60mph acceleration in just 4.5 seconds sets this car apart from its competitors, offering a driving experience that is both exhilarating and refined. The battery, with a total capacity of 78 kWh, provides a maximum range of 301 miles when new, giving you confidence on the road. Charging is convenient, with a full charge at home taking approximately 12 hours using a 7kW charger, while public fast charging can take the battery from empty to 80% in just 40 minutes. Enjoy seamless connectivity with Apple CarPlay and Bluetooth, while the rear-view camera and heated front seats add extra convenience. Keyless entry with a handsfree boot lid enhances the user experience, making every journey a pleasure.
