Transmission:

**Automatic**

Price:

**£19,058.00**

Registration:

**OV20GNK**

Fuel:

**Electric**

With only one previous owner and very low mileage of just 16938 miles for a 2020 registration car, this Jaguar I-PACE 400 SE is a rare find. As an all-electric, four-wheel drive car, this I-PACE combines performance with practicality. The SE trim adds a touch of luxury and convenience, with features such as a rear camera to make parking a breeze, Bluetooth connectivity for seamless smartphone integration, and the Park Pack, which includes front and rear parking sensors. Keyless entry adds another layer of convenience, while the premium LED headlights with signature DRL not only look stylish but also provide excellent visibility. This I-PACE boasts a large boot space, making it more practical than other similar vehicles. The 90 kWh battery offers a maximum range of 284 miles when new, exceeding the range of comparable models. Charging at home using a 7kW charger takes approximately 12 hours and 36 minutes, while rapid public charging can replenish the battery from empty to 80% in just 50 minutes. Acceleration from 0-60mph in 4.5 seconds means that this car is quicker than other similar vehicles.
