With only one previous owner and very low mileage for its 2021 registration year, this Audi A3 TFSI Technik represents a great find. The A3, a Euro 6 emission class vehicle, comes in a Technik trim and is powered by a 1.0L petrol engine. It is equipped with LED headlights, complete with LED daytime-running lights, while the rear features halogen lights. This A3 includes manual air conditioning, a light and rain sensor for automatic headlight activation, and rear parking sensors to make parking easier. The Bluetooth interface allows for seamless connectivity. The car boasts a large boot space, making it more practical than similar vehicles, and achieves fuel economy of 51 mpg, which is better than you might expect. Acceleration from 0-62mph happens in 10.6 seconds, showing that this car is more responsive than others in its class.
