WN73KSK

Fuel:

Electric

With a 2023 registration, this Volkswagen ID.3 Pro Performance Life offers a modern driving experience. As an electric vehicle, it combines efficiency with advanced technology. The Life trim adds a touch of comfort and convenience to your journeys. The ID.3 boasts several features designed to enhance your driving pleasure. All-LED headlights with reflector technology provide excellent visibility, while adaptive cruise control, including front assist, helps maintain a safe distance on the road. Parking sensors at the front and rear make maneuvering simple. The 1-zone climatronic ensures a comfortable cabin temperature, and the comfort package, including heated seats and steering wheel, adds a touch of luxury. The large boot space makes this car more practical than similar vehicles, and the acceleration of 0-62mph in 7.3 seconds means that this car is faster than other similar vehicles. The 62 kWh battery offers a maximum range of 265 miles when new, further indicating how this car is better than other similar vehicles. Charging at home takes approximately 9 hours 30 minutes using a 7kW charger, while public charging from empty to 80% can be achieved in just 37 minutes.
