

2021 USED R135 EV50 52kWh GT Line Auto 5dr (Rapid Charge)

color:

Mileage:

14797

Transmission:

Automatic

Price:

£11,058.00

Registration:

YC21CFH

Fuel:

Electric

With only one owner and very low mileage of just 14797 miles for a 2021 registered vehicle, this Renault Zoe R135 GT Line represents a great find. As an electric vehicle with a GT Line trim, it comes equipped with automatic air conditioning, including climate control, front and rear parking sensors with a rear view camera and parking assistance. The full LED headlamps provide excellent visibility, and the keycard handsfree system offers keyless entry for added convenience. Safety is enhanced with blind spot warning. The Zoe's large boot space makes it more practical than other similar vehicles, offering ample room for your luggage or shopping. When new, the battery had a maximum range of 238 miles, showing its potential for longer journeys compared to other electric vehicles in its class. Charging is straightforward, with a full charge at home taking approximately 9 hours and 25 minutes using a 7kW charger. For quicker top-ups, public charging from empty to 80% can be achieved in around 1 hour and 10 minutes.
