**Electric**

With only one previous owner, this 2022 BMW iX 40 Sport is a superb example of a premium electric SUV. The Sport trim complements the iX's futuristic design, while the four-wheel drive system ensures confident handling in various conditions. Stay comfortable with automatic four-zone climate control, including independent rear air conditioning and heated front seats. Enjoy your favourite music through the Harman Kardon surround sound system, and keep your devices charged on the wireless charging tray. Automatic headlights and rain-sensing wipers add to the convenience. The iX boasts a large boot, making it more practical than other similar vehicles. The 77 kWh battery provides a maximum range of 257 miles when new. Charging at home takes approximately 10 hours 45 minutes using a 7kW charger, while public charging can replenish the battery from empty to 80% in as little as 34 minutes. The vehicle's impressive acceleration, reaching 0-62mph in just 6.1 seconds, makes it faster than other similar vehicles. It also has a towing capacity of 2500 kg.
