color:

Mileage:

121439

Transmission:

Automatic

Price:

£12,958.00

Registration:

YH21MYD

Fuel:

Electric

With only one previous owner, this 2021 Tesla Model 3 Long Range is a superb example of a well-maintained vehicle. The Long Range trim and four-wheel drive drivetrain ensure a smooth and powerful driving experience. As an electric vehicle, it offers an environmentally friendly and cost-effective mode of transport. The Tesla Model 3 boasts keyless entry and remote control via a dedicated app, heated front seats and steering wheel for added comfort, and front and rear parking sensors to assist with maneuvering. The large boot space makes it more practical than similar vehicles, offering ample room for luggage and shopping. When new, the battery had a maximum range of 360 miles, which means you can enjoy longer journeys with fewer stops. Charging is convenient, with a full charge achievable in 12 hours using a 7kW home charger, or a rapid 26 minutes to reach 80% at a public charging point.
