Price:

**£14,358.00**

Registration:

**YK19FHN**

Fuel:

**Diesel**

With only 46574 miles on the clock, this 2019 Ford Kuga is a superb example with low mileage for its age. As a TDCi ST-Line model with the ST-Line trim, it boasts a 2.0L diesel engine and a four-wheel-drive drivetrain, all while meeting Euro 6 emission standards. The vehicle is equipped with automatic halogen headlights, complete with LED daytime running lights that activate automatically. The interior ensures comfort with DEATC dual-zone electronic automatic temperature control, including climate control. Convenience is further enhanced with enhanced active park assist, incorporating front and rear parking sensors. The Ford DAB navigation system, integrated with Ford SYNC3 and Bluetooth, provides seamless connectivity and entertainment. These features combine to make this particular Kuga a cut above the rest, offering a blend of practicality, comfort, and advanced technology that sets it apart from similar vehicles.
