Automatic

Price:

£24,058.00

Registration:

YS22LWE

Fuel:

Electric

With only one previous owner, this 2022 Ford Mustang Mach-E Extended Range offers a fantastic opportunity to experience electric motoring. This four-wheel drive vehicle combines iconic Mustang styling with modern technology. The vehicle is equipped with a B+O Premium Sound System, featuring 10 speakers including a dashboard sound bar, creating an immersive audio experience. Heated driver and passenger seats, along with a heated steering wheel, ensure comfort during colder journeys. Manoeuvring is made easy with the rear view camera and 360-degree camera. The 99 kWh battery provides a maximum range of 335 miles when new, meaning longer journeys are easily achievable. When needing to charge, a full charge at home using a 7kW charger takes 14 hours and 36 minutes. For quicker top-ups, public charging from empty to 80% can be achieved in just 51 minutes. The vehicle's acceleration, reaching 0-62mph in 5.8 seconds, demonstrates its impressive performance capabilities, making it faster than similar vehicles.
