Registration:

YS72ORZ

Fuel:

Petrol

"GOLD PACK" With only one owner and very low mileage of just 8829 miles for a 2022 registration, this Ford Puma is barely broken in. As a Puma T ST with the sporty ST trim, it combines everyday practicality with a fun driving experience. The 1.5L petrol engine meets the Euro 6 emission standards. Convenience is enhanced with the Ford KeyFree System, including keyless entry, and front parking sensors with parking assistance. Fixed LED signature headlamps provide excellent visibility, while the Electronic Air Temperature Control (EATC) system, which includes climate control, ensures a comfortable cabin environment. The Winter Pack, featuring heated seats and a heated steering wheel, adds extra cosiness for those chilly mornings. The Puma ST distinguishes itself with its impressive performance, accelerating from 0-62mph in just 6.7 seconds, demonstrating its sporty credentials when compared to similar vehicles. This makes it an appealing choice for those seeking a dynamic and engaging driving experience.
